NET works update – Beeston Road, Sunday 21st July

As you may be aware, works have been taking place on University Boulevard, Beeston Road and within The University of Nottingham campus as part of the expansion of the tram network to Beeston and Chilwell.

On Sunday 21st July between 9am and 6pm, works to move communications cables will take place on Beeston Road.

On this date traffic will be restricted to one lane in each direction on Beeston Road from its junction with East Drive to its junction with Lace Street and motorists are advised to allow extra time for their journeys.

The next stage of the tram works in this area is to realign part of University Boulevard, to make space for a tram stop on University Boulevard outside Highfields Park, next to East Drive. We will contact you shortly to give you more details about these works.

We apologise in advance for any inconvenience this may cause you, and would like to assure you we will do all that we can to keep disruption to a minimum.

For more information about these works, the CoCP, or the project in general, please contact us on: (0115) 924 24 54 or visit www.thetram.net/phasetwo.
