NET works update - Cator Lane

As you may be aware, works have been taking place on Bramcote Lane as part of the expansion of Nottingham's tram network to Beeston and Chilwell.

The works on Bramcote Lane will soon be complete and the road will be reopened to traffic early on Tuesday 10th September.

Once Bramcote Lane has been reopened, works will begin on Cator Lane, which will require it to be closed to through-traffic between Greenwood Court and Clumber Avenue from Tuesday 10th September.

Utility services will be moved and tram tracks laid where tram services will cross the road next to Greenwood Court. Access to Greenwood Court and Clumber Avenue will be maintained from Bramcote Avenue.

While these works are taking place, through-traffic will instead be diverted via Bramcote Lane. Vehicle access will be maintained to properties on Cator Lane and pedestrian and cycle access will be maintained through the works, with cyclists asked to dismount.

Due to the closure of part of Cator Lane the NCT 36 service, which would usually travel along the road, will instead be diverted via High Road and School Lane, before returning to its usual route along Field Lane and Inham Road, using bus stops along this route, from 10th September. Bramcote Avenue will still be served by the Y36 service, which will continue its current route.

A map showing the closure and diversions is on the back of this leaflet.

It is estimated that Cator Lane will be closed until the end of April 2014.

The works will be carried out between the hours of 8am – 6pm, Monday – Friday, 8am – 1pm on Saturday, and will be in accordance with the project's Code of Construction Practice.

We apologise in advance for any inconvenience these works may cause you, and would like to assure you we will do all that we can to keep disruption to a minimum.

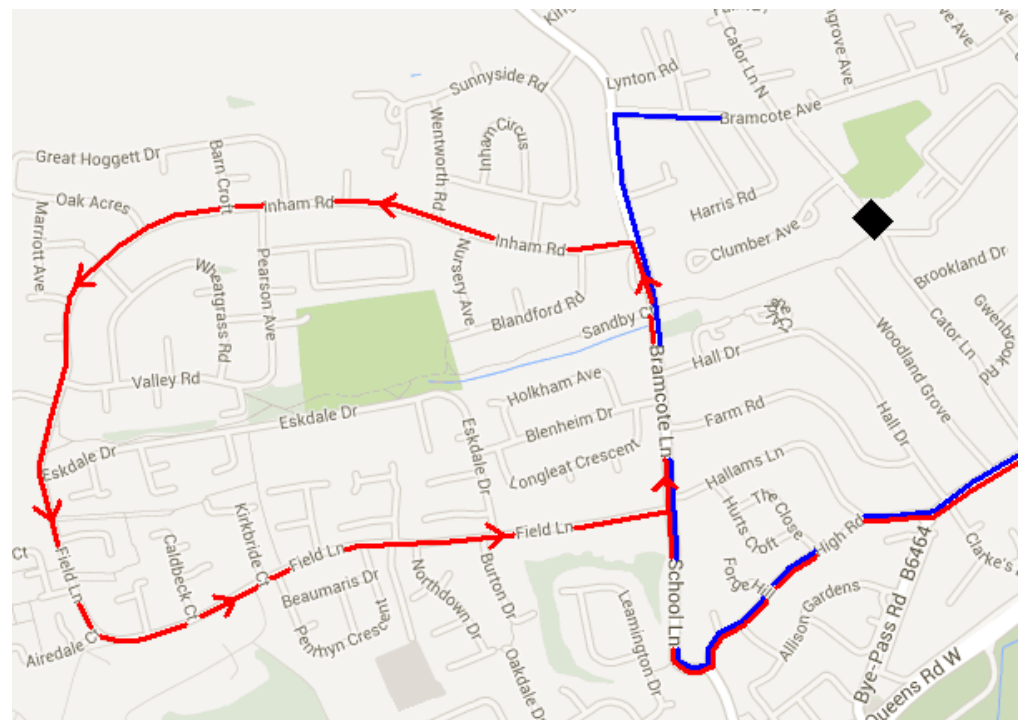

For more information about these works, the CoCP, or the project in general, please contact us on: (0115) 924 24 54 or visit www.thetram.net/phasetwo.
