## **NET works update – Chilwell Road / Ellis Grove junction**

As you may be aware, works to move and upgrade utility services have been taking place on Chilwell Road, as part of the ongoing works to expand Nottingham's tram service to Beeston and Chilwell.

As part of these works, water utility services are due to be moved on Chilwell Road, at its junctions with Ellis Grove from Monday 18<sup>th</sup> February. The works will take approximately one week.

Ellis Grove will be closed at its west entrance, which is opposite the Guitar Spot, until these works are completed. A short diversion route will be in place using the other entrance into Ellis Grove, next to the Beeston Bed Centre.

The main tram works on Chilwell Road are likely to begin in mid-March. We will contact you shortly with more details about these works.

The works will be carried out between 8am – 6pm, Monday – Friday and 8am - 1pm on Saturday and will be in accordance with the Code of Construction Practice (CoCP), which was agreed at the NET Phase Two public inquiry held in 2007.

The CoCP regulates the way that works for NET Phase Two can be undertaken, and sets out standards for our contractor on issues such as controlling noise, vibration and dust. This will ensure that works are undertaken in a responsible and sympathetic manner.

We apologise in advance for any inconvenience that these works may cause you, and would like to assure you that we will do all that we can to keep disruption to a minimum. For more information about these works, the CoCP, or the project in general, please contact us on: (0115) 924 24 54 or visit [www.thetram.net/phasetwo](http://www.thetram.net/phasetwo).
